

London Borough of Bexley Record Retention Schedule

Introduction

What is a Retention schedule?

A retention schedule is a list of records which need to be retained by Bexley Council for a designated period of time. The Retention Schedule shows,

- Record number,
- Business function description,
- Minimum statutory requirements, if any, to retain documents
- Whether it is lawful to scan documents during the statutory requirement period and to destroy paper copies,
- The Disposal policy to be followed at Bexley
- Officer contact details for these records

The existence of the Retention Schedule is a requirement of the Lord Chancellor's Code of Practice under Section 46 of the Freedom of Information Act 2000. It provides consistent instructions for all staff who deal with records, providing a formal policy for records retention and disposal.

Staff are referred to Bexley's Records Management Policy for a description of record management practice and responsibilities in the Borough.

In almost all instances, the retention periods given under the statutory requirements columns reflect statutory requirements that Bexley has sourced. In a few cases, Bexley has not sourced a statutory requirement itself but has relied on the advice that one does exist from the Records Management Society of Great Britain.

If you do not find the information you are looking for or if you require further information/clarification you should consult your Head of Service or Deputy Director.

Ref No	Function Description	Example of Records	Statutory Requirements (if any)	Can Documents be scanned during the statutory requirement period?	Disposal Policy Currently in place at Bexley	Contacts
